

Lions Foster Child Program

Through the generosity of People Like You, Lions here are making a difference on the other side of the world.

Yes, I would like to help!

**100% of all
donations to Lions
projects go to the
project or program!**

You can make a difference to a child's life. The foster children will be selected from parents who are in need through the principal of ten selected schools in the District on Sri Lanka. The number of children selected will be 2000. This plea comes to all who can support the children by donating \$20 or more to be a Friend of the Lions Foster Child Program. The contribution will support them for their food, educational, clothing and other monthly needs.

We can provide details such as the background of the child and the address with photographs to particular foster parents if interested. Our work as Lions will be, to continuously send reports and information to you about the children's progress.

Thank you for helping!

Lions of Northern Alberta, Northeastern BC, and the Northwest Territories partner with the Lions of Sri Lanka to ensure a brighter future for children.
