Leo's Program began in 1957 in Pennsylvania. Leo's were officially adopted by LCI in 1967. Leo's now total more than 140,000 in 130 countries. Our Leo's District was formed in 1995 by PDG Dennis Windscheffel with 12 clubs. The first activity was to help the Downey Lions club existing Rancho Los Amigos Program. In 1995 a festival was planned by the Leo's that involved over 600 participants, and has continued since then. District activities also have included Diabetes Walk-a-thon's, Beach Clean-up, Rose Bowl Float Decoration, and work outings at Lions Camp at Teresita Pines.

District Leos meet monthly at:
Montebello Senior Center
115 S Taylor, Montebello, CA

Please check Leos Website calendar for up-to-date information at

REMEMBER ME?

“I’m the person who was invited to join your club; I’m the person who paid to join, stood up in front of all of you and promised to be a loyal and faithful Lion. I went to every meeting, but no one paid any attention to me. I was told to voice my opinion, but was ridiculed for doing just that. I tried several times to be friendly, but you all had your friends to sit and talk with. I hoped somebody would have asked me to take charge of the last fund-raising project, but no one saw my raised hand when I volunteered. I missed my first meeting when my spouse was ill; at the next meeting, no one asked me where I had been. I guess it didn’t matter whether I was there or not. I tried very hard to be a good, hard-working Lion. You might say that I am a good sort of person who loves their community, but one thing you can say for sure, I’m the person who never came back. It amuses me now to think that you spent so much time looking for new members, when I was there all the time. All you needed to do was to make me feel needed, wanted and welcome.”

DIABETES AWARENESS

FEDERAL CLIA ID # 05D0933194

The prime goal of Lions International is the preservation of sight. Diabetes is a disorder of metabolism in which people have problems converting food to energy. It is the leading cause of adult blindness (age 20 - 75), kidney failure, non-traumatic amputations and cardiovascular disorders (diabetics are 60% more likely to have heart attacks and/or strokes). Diabetes is rated the fifth cause of death in the U.S.A. according to the Center for Disease Control and Prevention (CDC).

Updated statistics shows 17 million with Diabetes and 16 million with Pre-diabetes. The CDC officially considers this data an "epidemic". Thus 33 million people are diabetic or will become diabetic shortly, unless they are screened, treated, and controlled. CDC predicts there will be 50 million diabetics in the U.S.A. by 2030. 90%-95% of all diabetes is Type Two for which there is no cure.

The District Committee presents programs about diabetes and does diabetic screening tests (Blood glucose and when required Glycated Hemoglobin [HbA1c]) at club meetings. The committee also does diabetic screening tests at health fairs, walks, street fairs, chili cook offs, fish fry's, etc. and distributes Diabetic information and books wherever large crowds celebrate and the local Lions Club wishes to set up a booth. The Committee can also perform Total Cholesterol and Full Lipid Panel (HDL, LDL, TG, Total) Tests with advance arrangement. The Committee works closely with the American Diabetes Association and Taking Control of Your Diabetes (TCOYD.org) in promoting Diabetic Seminars and fund raising.

The Committee has appreciated the assistance of Roche Diagnostics Advantage, Johnson & Johnson Lifescan, and Metrika (A1cNow) for donating their meters and medical supplies. The Committee is capable of supplying glucose meters to clubs and individuals. The Committee can also assist other MD-4 District Committees to become active, obtain licenses, write procedures, and meet all federal and state requirements for diabetic screening.

SPONSORED PROJECTS

A Lions Hearing Awareness And Education Program

4L2 is putting their “Boots on the Ground” in an effort to make the public aware of hearing issues affecting children.

Our task is to distribute unbiased information about hearing loss, communication methods and available services to families and professionals.

“**Communicate with your Child**” was produced by the National Center for Hearing Assessment and Management, Utah State University and funded by the Let Them Hear Foundation. This brochure provides information on American Sign Language (ASL), Auditory-Oral, Cued Speech and Total Communication. It is translated into 6 languages: English, Spanish, Chinese, Vietnamese, Tagalog and Korean. The Lions are determined to distribute this timely brochure, free of charge, to service organizations such as hospitals, pediatricians, audiologists, public and private schools and social service agencies. Lions Clubs will deliver thousands of these brochures throughout the cities within our local district boundaries.

Why Hear Us Roar?

Each year, 12,000 children in the U.S. are born with a hearing loss. More than 90% of these children are born to typically hearing parents. Often, families are unaware of the communication and educational options available and the importance of early identification and intervention no matter what communication mode is chosen. Therefore, the goal of the **Hear Us Roar** Program is to put material like “**Communicate with your Child**” into the hands of those who need it the most.

Ask your club to start a **Hear Us Roar** committee! Lion Doug Lopez is the District Chairperson who will assist you in getting started. Join us in our journey to “SERVE” families dealing with hearing loss.

SPONSORED PROJECTS
LIONS LOW VISION SERVICES
(L.O.V.E.) PROGRAM

"People Caring for People", the cornerstone of Lionism, is actively demonstrated through the *Lions Low Vision Services (L.O.V.E.) Program*. Known as the "*L.O.V.E.*" Program, the Lion Clubs of Southern California have responded enthusiastically and generously to the establishment of the vital program for the partially-sighted.

The *L.O.V.E. Program*, in cooperation with Optometric Center of Los Angeles and the Southern California College of Optometry offer complete vision care services including such specialties as low vision devices and vision therapy. Patients of the program receive complete vision examinations and prescribed correction and treatment. Patients receive top quality services from the Optometric Center, a teaching clinic staffed by optometrists, ophthalmologists, college interns and complete office personnel. The program, through the center, has for its patients, available loaner library of special Low Vision Aids, prescription glasses, contact lenses and vision therapy services. The center has over a hundred years of experience in identifying and solving diverse problems of patients seen in both private and clinical practice.

Fees

The *L.O.V.E. Program* provides services based on the patients ability to pay. For the truly indigent, the cost may be almost nothing. Regular fees will be charged for those who can afford to pay. All patients must either pay for the services through personal funds or private insurance. Patients may also request for financial assistance.

Funding

The Lions Clubs of Southern California, along with grants and donations from other charitable individuals and entities support the financial needs of the program.

L.O.V.E. Program Fellowships:

LPCCI is dedicated to supporting the mission of Canine Companions for Independence. CCI serves the needs of people with disabilities by providing trained service, hearing and social dogs and by providing continuing support to ensure the success of the program. Lions and Lionesses actively support LPCCI with sponsorships and fundraising events, with Club and Life memberships and special donations. Lions and Lionesses also provide invaluable support as volunteers and breeder caretakers, and by raising puppies that become Canine Companions. Through financial support and volunteer work for CCI, LPCCI is helping people with disabilities overcome physical and social barriers with the skills and unconditional love of Canine Companions.

LIONS FLOATS, INC.

Since 1992, Lions Clubs International has had a float in the New Year's Day Tournament of Roses Parade in Pasadena, California. Two of our entries, in 1993 and 1994, won awards for the most beautiful floats in the parade. But all entries have been winners, presenting Lions an opportunity to promote our service activities to people worldwide who watch the float each year.

The Rose Parade is seen by an estimated 400 million people in 85 countries worldwide. The parade is covered by several hundred domestic and international newspapers. Every major newswire service features related stories before, during and after the parade.

Lions Float, Inc., a non-profit corporation, was formed in 1994 to direct the preparation and funding of the Lions float in the Rose Parade. This is a year-round activity involving the designing, fundraising and coordinating of volunteer decoration of the float in December.

Lions Clubs International in Oak Brook, Illinois has provided approximately half of the funds; the remainder is raised by the Lions of Multiple District Four (California).

LIONS INTERNATIONAL
YOUTH EXCHANGE FOUNDATION, INC.

**“To create and foster a spirit of
understanding among the people of the world.”**

The MD4 Youth Exchange has been exchanging Youth with other countries since 1962. Throughout that 44+ years thousands of Youth have traveled abroad for a 5-week in-home stay, thus giving them the advantages of studying and understanding other cultures and family living.

The MD4 Lions Youth Exchange Foundation, Inc. is a California Non-Profit Public Benefit corporation administered by a Board of Directors who are Lions and serve without pay. The Foundation is the trustee of funds contributed to support the Youth Exchange Program. The Foundation invests these funds in federally insured term accounts to provide the highest rate of return with maximum guaranteed security for the assets of the Foundation.

The first exchange was conducted in 1962 between Japan and California-Nevada. We now exchange with Europe, Scandinavia, Malaysia, Peru, Australia, New Zealand, Japan, and several other countries.

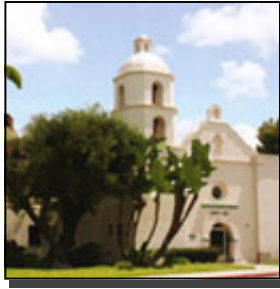

The tremendous growth of the YEF throughout Lions International has received increased recognition for its positive contributions towards a better world of understanding.

This is a very ambitious program that requires support from club to Multiple District level. To become involved contact:
