## "BUILDING THE LIONS TEAM FOR TOMORROW"

From: Lion Larry Dicus, Candidate for International Director  
Subject: Fund Raising Opportunity to Support Lion Larry

### **E-Waste Recycling is a money maker and it is easy and helps preserve our environment.**

The Larry Dicus Campaign Committee has partnered with **Komputers 4 R Kids** (A non-profit 501(c) charitable community based organization with the mission of providing low-income and local public schools and students with repurposed and acquired computer equipment).

**Komputers 4 R Kids** is a designated and permitted e-waste collection and processing company with its facility located in the City of Cerritos.

Participation by your Lions Club is easy:

1. Call James Watson at **Komputers 4 R Kids** at (562) 860-7463 and Lion Drew Sones, Campaign Secretary at (562) 945-4100 and let them know you are planning to participate in this Program.
  2. Designate a location where Club members and the public can deliver acceptable e-waste (see below for acceptable items). This location should be a secure facility (i.e. warehouse, storage container, etc., which must be staffed during the days and times that you designate that the facility is open to receive the equipment.)
  3. Select a time frame for the program (we recommend a minimum of two weeks to four weeks).
  4. Promote the event within your Club and neighbors and friends.
  5. Call James Watson when you have any combination of 25 televisions, computer monitors and computers and **Komputers 4 R Kids** will send out a truck to collect all acceptable E-Waste items listed below. The three underlined items are the most valuable and earn the most for their recycling.
  6. Feel good about protecting the environment and supporting Lion Larry's campaign.
- In addition, individuals can bring items to the **Komputers 4 R Kids** warehouse during drop off hours\*.
