Help Bring More Accessible Play to Kids at The Chicago Lighthouse!

The Chicago Lighthouse, [Blue Cross/Blue Shield of Illinois](#), and organizers from national nonprofit [KaBOOM!](#) are teaming together to build a new playground for our children. Currently, our playground is enjoyed by the children enrolled in the [Preschool for All](#) program and our other kids' [programs](#), children who use our low vision clinic, and neighborhood children, just to name a few. The playground is over twenty years old, and is not accessible for our visually impaired students or for our children in wheelchairs. **We need your help to build our customized playground that will help all our children play together!**

We are seeking 150 volunteers to help on Build Day, July 26th from 8 am to 3 pm, and 40 volunteers to help us prepare on July 24 from 8 am-5 pm. Volunteers do not have to be trained, skilled or have special tools: you need only be enthusiastic, energetic, and willing to work while having fun.

You may volunteer as an individual or bring a team. A team should consist of 10-15 members and members should not wear any corporate brand clothing on Build Day. Are you willing to help? Sign up now! You need to pre-register to volunteer.

For: All Ages. You must be 18 or older to build. Children's activities will be included.
