Help Us Help The Szyszka's

The Lions are raising funds for Brian Szyszka and his family. Brian and his wife Colleen have three children: Joshua, Nathan and Noah who live in LaGrange Highlands.

Brian is fighting bile duct cancer (Cholangiocarcinoma). The Lions are asking your support to help the Szyszka family with the many expenses that occur when the bread winner of a family is side lined due to a serious illness. Our goal is to ensure that Brian and Colleen can focus their energy on beating this cancer and worry a little less about the medical bills, daily expenses and the temporary loss of income that are part of this struggle. Your support or donation can ensure that the kid's activities won't be interrupted; Noah will do her volleyball, Nathan will continue to play baseball and Joshua will continue with his clubs. As Helen Keller said, "Alone we can do so little, together we can do so much." Let's come together and do what we can to help the Szyszka's through this challenge!

Helping the Community

Our mission at the LaGrange Lions Club is to help those in our local community reach their full potential by providing resources to support their health and welfare. In fulfilling our mission, we have supported efforts such as Pillars, Foundation for Retinal Research, Community Nurse Health Association, Camp Lions for Blind and Deaf Youth, LTHS Scholarships, and many more. Join in the humbling effort of helping our community at LaGrangeLionsClub.com.
