## Promoting Cancer and Diabetes Prevention in Asian Communities: Science, Solutions, and Support

### Event Highlights:

- Health Resources Fair\*
- Youth Media Contest Gallery\*
- Cancer Experts Talk from Cancer survivors' perspectives
- Free lunch tickets available for the first 200 participants\*
- Raffle drawings
- Community Watch Parties

\* City of Hope Cooper Auditorium

### Symposium Goals & Objectives

- Increased knowledge and Awareness among Asian American communities about the **link between cancer, diabetes, and tobacco.**
- Higher engagement in cancer & diabetes screenings, and tobacco prevention and control.
- Stronger advocacy efforts for community-driven health initiatives.
- New partnerships & networking opportunities to sustain culturally tailored prevention programs.

### Key Topics and Focuses

1. Breaking the Cycles of Cancer, Diabetes and Tobacco
2. Advancement and Innovations of Cancer & Diabetes Care and Research
3. Culturally Tailored Prevention Strategies, Community-Based Solutions, and Policy Change

The symposium will be conducted in English and live-streamed with simultaneous Mandarin, Vietnamese, Korean, Japanese, and Hindi interpretations.

Please bring a charged headset and phone to access the in-language interpretation channels during the event.
