International Women's Day

Celebrating Women in Service to Others

International Women's Day is a United Nations observance to recognize and celebrate women and girls. Women like YOU! Come gather with other women in service to recognize, celebrate, and encourage one another.

We'll hear from:

Lion Kristin Follman, Executive Director, Haiti Eye Mission

Freshly returned from the 2023 Haiti Mission www.HaitiEyeMission.com

Lion Jihan Brifki and Lion Fowzia Adde, Gateway Lions Club

Lions Jihan, Fowzia, Crystal Dueker, Miriam Hildre, and District Governor Scott Hildre will have just returned from a trip to New York City for *Lions Day with the United Nations*.

Lions Clubs International is celebrating 77 years of partnership with the United Nations during Lions Day with the United Nations (LDUN). This event commemorates Lions long-standing relationship to the UN dating back to 1945, when Lion leaders were asked to help develop the NGO charter for the UN.

Our goal is to gather over 100 women just like you.

Past International Director Lion Pat Vannett and 2nd VDG-elect and 5NW Service Chair Lion Karen Da Silva will be joining us, but the luncheon won't be complete without you!

Cost is only \$10 per woman, bring a friend/prospective Lion

RSVP before **March 1st** to **701-388-9676** *call or text*

We hope to celebrate you with YOU!
